CHAIRMAN FOREWORD

Eng. Mohamed Abdelrazek

At Wppco, our mission is to deliver world-class water, power, and infrastructure solutions that drive sustainable growth and long-term value. As an industry leader, we are committed to excellence, innovation, and environmental responsibility in every project we undertake.

Over the years, we have built a strong reputation for delivering high-quality infrastructure, ensuring reliable water and energy resources for communities and industries. Our dedication to engineering excellence, safety, and sustainability has positioned Wppco as a trusted partner in the sector.

ABOUT US

Mission

Our mission is to provide exceptional infrastructure solutions that transform communities. Through our expertise, dedication, and commitment to quality we aim to:

- Deliver projects that meet the highest standards of quality, functionality, and durability.
- Enhance connectivity, mobility, and accessibility through well-designed and efficient infrastructure systems.
- Promote sustainable and environmentally conscious practices to minimize our impact on the planet.

Vision

To be a leading infrastructure contractor, transforming communities through sustainable and innovative solutions that enhance quality of life.

CORE VALUES

Excellence: We strive for excellence in every aspect of our work, delivering high-quality infrastructure solutions that meet and exceed our clients' expectations.

<u>Innovation</u>: We embrace innovation and continuously seek creative and sustainable solutions to address complex infrastructure challenges, driving progress and enhancing efficiency.

<u>Safety</u>: We prioritize the safety and well-being of our employees, subcontractors, and the communities in which we operate. We maintain strict safety protocols and promote a culture of safety at all times.
